IMPORTANT . . .

This is the Jan. 1962 edition of the Hambro Automotive Corporation Price List for replacement parts for B.M.C. cars. This Price List supercedes ALL previous issues and supplements which should now be destroyed.

The suggested list prices shown include Federal Excise Tax. State and local taxes are not included.

Part numbers are listed in the manufacturers recognized alphabetical and numerical sequence with the exception of S. U. Fuel Pump and Carburettor parts which are covered by a separate section following the main list.

The prices shown are for single units (EACH).

Part number supercessions are shown by "INT" followed by the new part number in the remarks column. In instances where the original part number is superceded by more than one new part, the original part number entry is repeated and the superceeding part numbers are listed against the repetitive original parts number entry.

The abbreviation NLS (no longer stocked) indicates insufficient demand to justify continued stocking. These items, therefore, should be considered as obtainable on special order only.

Special parts for very limited applications such as competition conversion kits and components supplied by the Donald Healey Motor Company and others are not included in this list. Prices for these may be obtained on application to the Ridgefield, New Jersey office.

Hambro Automotive Corporation reserves the right to alter any price in this list without notice.

All enquiries referring to this publication and requests for additional copies which are available complete with cover at $5.00 each should be addressed to:
