Replacement parts that are not of genuine BL Parts supply cannot be relied upon to be of the correct specification, material, and workmanship and therefore BL Parts cannot be expected to extend their Warranty to vehicles which have been fitted with parts not supplied by them.

BL Parts reserve the right to make changes or improvements in the construction or specification of their products at any time.

   eg. Axle, Body, Cab, Car, Chassis, Commission, Vehicle Identification, Engine, Gearbox numbers etc.

2. The Part Number and description, (prefix and suffix letters to Part Numbers must always be quoted).

3. Always state the colour of carpets, painted items, trim items etc., using the colour code from the Vehicle Identification number (VIN) plate and the colour combination key to identify the colour name.
